**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am so sick of having no choice in my internet provider! It makes it impossible to leave providers like AT&T, who nickel and dime your rate upwards so you suddenly find yourself paying more than you agreed to. And you cant leave them, because there isnt anyone else! What is capitalism if not competition that benefits me, the consumer!

AND makes companies try harder. AT&T is a prime example of a company who doesnt feel the need to do what their customers want because they know they have no other options.

DONT let this get even worse. Allow smaller, local providers to stay, and thrive and offer alternatives to uncaring companies like AT&T and Spectrum.
